

TECHNICAL DATA SHEET

Grade: ACRYLON M100

Property

- Excellent impact strength & weathering
- Good thermal stability
- Wide process window

| | |
|--------------|-----------|
| Bulk density | 0.39 g/cc |
| Volatiles | Max 1% wt |

Impact strength

| | |
|-----------------|-------------|
| Charpy 23 deg C | 25 kg cm/cm |
| 0 deg C | 11 kg cm/cm |

The above results are typical values and do not constitute a specification.
