

TECHNICAL DATA SHEET

Grade: ACRYLON M200

Property

- High efficiency type
- Improved low temperature impact strength
- Excellent weatherability and colour stability
- Good thermal stability
- Narrow particle size distribution
- Low dust and odour

Bulk Density 0.39 g/cc

Volatiles Max 1% wt

Impact strength

Charpy 23 deg C 30 kg cm/cm

 0 deg C 15 kg cm/cm

The above results are typical values and do not constitute a specification.
